SPECTACLE "BUGS"

This parade consists of five big inflatable bugs arrived from the greatest magical forests. Surrounded by a group of elves and fairies, they will all engage children and adults in a fantasy land full of games and dances. There is no doubt that this is a parade that will impress both for its size and for its innovative sound system, equipped with a transmitter and a receiver producing a realistic atmosphere. There will be special music playing along this unbelievable setting, which will make people immerse themselves in an enchanted world.

Our new features include an exceptional glittery makeup, used to provide our parade with a more vivid environment. Furthermore, our parade will show the greatest interaction due to our sensational "Zero-turn" device. This engine-run element will create thousands of different-sized soap bubbles for the youngest ones' entertainment.

It should also be highlighted that all our inflatable creatures can be easily folded, just in case that some areas are narrow and not adequate to their size.
