SPECTACLE

"GALACTIC"

The "Galactic" parade consists of a group of SIX UFOs steered by Segways, with the riders concealed inside them, creating the illusion that the UFOs are floating. The Segway X2 models are designed for all terrains and are highly manoeuvrable; with the modifications made for the parade, they can be operated hands-free, giving the operators greater freedom of movement to interact with the public. These adaptations also allow us to equip each UFO with a smoke machine and a blue LED lighting effect, making 'its flight' seem even more real. The members of this spectacular 'Star Force' are perfectly costumed in their combat uniforms and armed with laser-effect weapons.

Following them will be a huge MOTHERSHIP mounted on a 'zero-turn' vehicle, with astonishing manoeuvrability that will result in a much more striking interaction with the audience. Installed on board is a powerful soap-bubble machine, which will release thousands of bubbles of different sizes to the delight of the little ones, as well as a laser machine that enhances the spectacular effect of the UFOs' smoke. On top of the Mothership, we'll be able to see the leader of this unique group of invaders – an evil alien – illuminated by white lights from inside the ship.

Each UFO is equipped with a powerful sound system, which, via a transmission and reception system (with the Mothership acting as the transmitter), will play an immersive soundtrack in unison with the parade, encouraging the audience to join in the fun invasion.
